RE.JUNIOR AND SENIOR SQUADS

Please note that the names shown for the above squads are those swimmers who have qualified in accordance with the criteria published and include any swimmer who has made a National time or won a County Championship this year. Ages given for the Junior Squad are as shown on the Regional results and some swimmers may have aged up since.

We have a training session at K2 on the evening of Saturday, 10th September and you will shortly receive details of this. There are several swimmers not shown on the squads who will be invited to attend this session and it is possible that extra names will be added to the squads after this session.

If you are shown on the squad lists please try to attend the training session as we shall be looking at some swimmers for the national inter-county event.
